Letter Report: Sufficiency Certification for the
Washington Convention Center Authority’s
Projected Revenues and Excess Reserve to Meet
Projected Operating and Debt Service Expenditures
and Reserve Requirements for Fiscal Year 2009

July 15, 2008
The Honorable Vincent C. Gray, Chairman
Council of the District of Columbia
1350 Pennsylvania Ave., N.W. Suite 504
Washington, D.C. 20004

Letter Report: Sufficiency Certification for the Washington Convention Center Authority’s Projected Revenues and Excess Reserve to Meet Projected Operating and Debt Service Expenditures and Reserve Requirements for Fiscal Year 2009

Dear Chairman Gray and Members of the Council of the District of Columbia:

Pursuant to Section 305 (b) of the “Washington Convention Center Authority Act of 1994,” (the Act), D.C. Law 10-188, \(^1\) as amended, D.C. Code, 2001 Ed. § 10-1203.05 (b), the District of Columbia Auditor (Auditor) shall prepare and deliver to the Mayor, Council of the District of Columbia (Council), Chief Financial Officer of the District of Columbia (CFO), and the Chairman of the Washington Convention Center Authority (WCCA) a certification of the sufficiency of WCCA’s projected revenues and excess reserve to meet its projected expenditures and reserve requirements for the upcoming fiscal year (FY). This certification letter report sets forth the Auditor’s determination of the sufficiency of WCCA’s projected revenues and excess reserve to meet its projected FY 2009 expenditures and reserve requirements. The sources of revenues and excess reserve are:

1. taxes imposed pursuant to D.C. Code, 2001 Ed. § 47-2002.02 and § 47-2202.01, which are estimated by the Office of the Chief Financial

\(^1\) See Section 305 (b), the Washington Convention Center Authority Act of 1994, as amended, D.C. Law 10-188, D.C. Code, 2001 Ed. § 10-1203.05 (b).
Officer’s (OCFO) Office of Revenue Analysis (ORA), and are to be transferred to WCCA by the Mayor from the Office of Tax and Revenue (OTR);

2. WCCA’s projected operating revenues; and

3. amounts in any reserve fund or account (other than debt service reserve fund or account for indebtedness) which exceed the required minimum balance for such fund or account, as certified by WCCA.

Based upon a comparative analysis of WCCA’s projected revenues and excess reserve, the Auditor determined that WCCA’s projected revenues and excess reserve should be sufficient to cover its expenditures and reserve requirements for FY 2009 barring any unforeseen events that would adversely impact revenues and expenditures.

The Auditor’s analysis indicated that WCCA’s projected FY 2009 revenues and excess reserve should exceed expenditures by approximately $67.36 million. Therefore, the Auditor hereby certifies that WCCA’s projected FY 2009 revenues and reserve balance of $181.20 million should be sufficient to meet projected expenditures and reserve requirements of $113.84 million for FY 2009.

OBJECTIVE, SCOPE, AND METHODOLOGY

The objective of this analysis was to determine whether WCCA’s projected dedicated tax revenues, operating revenue, and excess reserve will be sufficient to meet its projected operating and debt service expenditures, reserve requirements, and capital improvements expenditures for FY 2009.
In preparing this certification, the Auditor: (a) reviewed applicable District of Columbia laws; (b) interviewed WCCA and ORA personnel; (c) confirmed with OTR the amount of dedicated tax revenue transferred for FY 2008; (d) reviewed WCCA’s audited financial statements for FY 2003 through FY 2007 and WCCA’s FY 2008 internal unaudited financial statements, as of April 30, 2008; (e) reviewed WCCA’s FY 2009 budget, as approved by its Board of Directors; and (f) performed detailed analyses of WCCA’s historical and projected revenues and expenditures.

In determining the reliability and sufficiency of WCCA’s projected revenues for FY 2009, the Auditor relied on dedicated tax revenue information provided by ORA and OTR and other financial information provided by WCCA officials. In determining the soundness of WCCA’s projected expenditures and debt service requirements for FY 2009, the Auditor relied, in part, on information provided by WCCA’s Chief Financial Officer (CFO).

The sufficiency review was performed in accordance with standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States. Consistent with these standards, the Auditor’s review included an examination, on a test basis, of evidence supporting WCCA’s projections of FY 2009 revenues, expenditures, and excess reserve. The examination included such other procedures as deemed necessary and appropriate under the circumstances. The Auditor believes that this review provides a reasonable basis for the FY 2009 sufficiency certification statement.

The Auditor notes that estimates are based on information that can, and often does, change rapidly thus resulting in revisions to estimates after the Auditor’s certification. Consequently, the Auditor does not, and cannot, guarantee the validity of the estimates and only certifies that the dedicated tax revenue estimate, operating revenue

---

estimate, and excess reserve estimate, at the time of certification, appeared sufficiently supported and achievable by WCCA. Additionally, the validity and accuracy of the Auditor’s sufficiency analysis and calculation are predicated upon the extent to which: (a) ORA officials have provided sound estimates of dedicated tax revenues for the upcoming fiscal year; and (b) WCCA officials have fully disclosed and provided reliable and accurate information to the Auditor regarding WCCA’s operating and capital improvement expenses, debt service and marketing contract costs, and any other expenses relevant to the Auditor’s sufficiency certification.

BACKGROUND

The Act, effective September 28, 1994, as amended, established the Washington Convention Center Authority as an independent corporate instrumentality of the District of Columbia government to facilitate the construction of a new convention center and for various other purposes. Section 10-1202.02 (b) of the D.C. Code provides:

Notwithstanding any other provisions of this chapter, the general purpose of the Authority is to acquire, construct, equip, maintain, and operate the New Convention Center, in whole or in part, directly or under contract, and engage in other activities as it deems appropriate to promote trade shows and conventions, or other events, closely related to activities of the New Convention Center, and to maintain and operate the Existing Convention Center until such time as the New Convention Center is completed and opened for operation.³

WCCA is governed by a nine-member Board of Directors (Board). Currently, the Board consists of the CFO of the District of Columbia and another District government official designated by the Mayor.⁴ Both serve as ex-officio voting members with four-year terms. Additionally, seven public members (who must meet statutorily prescribed criteria) are appointed to four-year terms by the Mayor with the advice and consent of the Council. According to WCCA’s enabling legislation, two public Board members shall be individuals from the hospitality industry and organized labor, and the remaining five

³ The new Washington Convention Center opened in April 2003. In July 2004, WCCA and District officials signed a lease agreement granting WCCA the exclusive right to use the old convention center site. WCCA agreed to use the leased premises solely to raze and demolish the old facility in order to build and operate a public parking lot. The parking lot was constructed in 2005 and became operational in January 2006.

⁴ The Deputy Mayor for Planning and Economic Development, Mr. Neil Albert, has been designated by the Mayor as the District official to serve on WCCA’s Board.
members must possess expertise in economic development, construction, tourism, municipal finance, or business finance. The daily management of WCCA is under the direction of a Chief Executive Officer (CEO) and General Manager who is appointed by WCCA’s Board.\(^5\)

In accordance with D.C. Code, 2001 Ed. § 10-1203.07, WCCA receives 4.45% of the District’s 14.5% sales and use tax on hotel room charges, and 1% of the District’s 10% sales and use tax on restaurant meals, alcoholic beverages consumed on the premises, and automobile rental charges. These sales and use taxes are referred to as dedicated tax revenues.

Dedicated tax payments are collected through a lockbox arrangement established by the District OCFO’s Office of Finance and Treasury (OFT) with Wachovia Bank, formerly First Union Bank. The lockbox arrangement, which is governed by a collections agreement, was established for the collection, segregation, and the immediate transfer of dedicated taxes to the Trustee for WCCA. In accordance with the collections agreement, the following four accounts were established under the lockbox arrangement: (1) Transfer Account; (2) Exceptions Account; (3) WCCA Dedicated Account; and (4) the District Account. The District is required to keep the lockbox arrangement in place for as long as WCCA has outstanding bonds.

Tax receipts deposited into the WCCA Dedicated Account are assigned to, pledged to, and received daily by a trustee bank.\(^6\) The trustee bank then deposits these funds in the WCCA Revenue Account for WCCA’s use in accordance with the Amended Master Trust Agreement.\(^7\)

\(^5\) WCCA’s Board of Directors passed a resolution appointing Mr. Gregory O’Dell as WCCA’s Chief Executive Officer (CEO) and General Manager on May 16, 2008.

\(^6\) Bank of New York is the trustee bank. It is the depository for the bond proceeds and receives daily deposits of dedicated tax revenues from the WCCA Dedicated Account.

\(^7\) See the Amended and Restated Master Trust Agreement dated as of February 1, 2007 (the Amended Master Trust Agreement) as supplemented by a Second Supplemental Trust Agreement dated as of February 1, 2007 (the Second Supplemental Trust Agreement), between the Washington Convention Center Authority (WCCA) and the Bank of New York, as trustee. The Amended Master Trust Agreement provides for the deposit of dedicated tax receipts into the revenue account and their subsequent transfer to other funds and accounts including the revenue stabilization account, operating and marketing reserve fund, and others outlined in the agreement.
In accordance with the Amended Master Trust Agreement, WCCA was required to establish and maintain certain funds and sub-accounts, referred to as pledged funds, at the time bonds were issued. (See Appendix I for the funds and accounts established in accordance with the Amended Master Trust Agreement). The establishment and funding of these various funds and sub-accounts ensures that monies are available for the repayment of bond principal and interest. The flow of dedicated taxes through the lockbox to other funds and accounts established by the Amended Master Trust Agreement are presented in Appendix II.

WCCA is required to maintain minimum balances in the Operating and Marketing Reserve Account, Senior Debt Service Fund, Senior Debt Service Reserve Account, Rebate Fund, Redemption Fund, and the Capital Renewal and Replacement Fund. Any balance remaining in these accounts, after deducting the minimum balance requirements, represents WCCA’s excess reserve. The Rebate Fund and the Redemption Fund, although required to be established, have not been activated because they are not presently needed.
RESULTS OF ANALYSIS

THE WASHINGTON CONVENTION CENTER AUTHORITY’S FY 2009
PROJECTED REVENUES AND EXCESS RESERVE APPEAR SUFFICIENT TO
MEET PROJECTED EXPENDITURES AND RESERVE REQUIREMENTS

WCCA’s FY 2009 projected revenues from dedicated taxes and operating
revenue, and projected excess amounts in reserve accounts are estimated to total
approximately $181.2 million. This includes $90.2 million in dedicated tax revenue,$
$17.7 million in operating revenue, and $73.3 million in excess reserve funds. The
Auditor noted that WCCA’s receipt of dedicated taxes may be delayed if OTR does not
timely reconcile and transfer dedicated tax revenue from the Exceptions Account.9

WCCA’s FY 2009 projected expenditures and reserve requirements are estimated
to total approximately $110.65 million and include: $36.2 million for debt service, $10.8
million for payment to marketing agencies, $39.6 million for operating expenditures, and
$23 million for capital improvement expenditures. Additionally, WCCA’s projected
expenditures for other costs associated with its central plant (interest expense and
financing arrangements) total $1.05 million. Moreover, WCCA’s CFO estimates that an
additional $3.19 million will be necessary to replenish the excess reserve estimate10 to its
projected FY 2009 ending balance. WCCA’s projected expenditures of $110.65 million
and the additional $3.19 million necessary to increase the excess reserve estimate to its
projected balance in FY 2009 total $113.84 million.

8 See letter dated May 7, 2008 from the District’s Chief Financial Officer to the Mayor of the
District of Columbia and the Chairman of the Council of the District of Columbia, certifying the District’s
revenue estimates for FY 2008 to FY 2012. The CFO’s certification also presents the OCFO’s estimated
dedicated tax transfers to WCCA for those fiscal years.
9 The Exceptions Account is a temporary holding account for deposits of sales tax returns and
payments that contain problems or errors. Payments accompanying such returns are held in the Exceptions
Account until they can be analyzed, properly researched, and the problem(s) resolved.
10 WCCA’s excess reserve estimate reflects the sum of the amounts deposited in excess of the
minimum reserve balances in the Operating and Marketing Reserve Account, the Revenue Stabilization
Account, the Operating Account, the Capital Renewal and Replacement Fund, and the Senior Debt Service
Account as certified by WCCA’s Chief Financial Officer by letter dated July 9, 2008. The actual excess
reserve balance for FY 2007 was $55.3 million. The excess reserve estimate for FY 2009 is $73.3 million.
The Auditor’s analysis indicates that WCCA’s revenues and excess reserve estimate appear sufficient to meet projected expenditures and reserve requirements for FY 2009. In fact, WCCA’s FY 2009 revenues and excess reserve are projected to exceed expenditures by approximately $67.36 million.

Table I presents the sufficiency calculation of WCCA’s projected revenues and excess reserve to meet projected expenditures and reserve requirements for FY 2009.

Estimated FY 2009 Increase in Excess Reserve $3.19*

**Sum of Projected FY 2009 Expenditures and Increase in Excess Reserve** $113.84

**Projected Revenue and Excess Reserve Estimate Over Projected Expenditures** $67.36

Sources: WCCA’s FY 2009 Budget Submission and Supporting Documentation, and the OCFO’s FY 2009 dedicated tax revenue estimate.

*The excess reserve estimate for FY 2009 is $73.3 million. Because the excess reserve estimate for FY 2008 is $70.11 million, the difference of $3.19 million represents an increase in the FY 2009 balance which will be funded from WCCA’s FY 2009 dedicated tax revenues.

^1 D.C. Law 10-188, as amended, did not define “reserve requirements.” In the absence of a definition and for purposes of this sufficiency review, the Auditor interprets “reserve requirements” to include amounts necessary to establish and fund new reserves and to restore existing reserves, excluding reserves related to indebtedness, to their required minimum balances.
AUDITOR'S CERTIFICATION

Based upon the Auditor’s analysis of information provided by WCCA and ORA as of the date of this certification, WCCA’s total projected revenues and excess reserve estimate of $181.2 million for FY 2009 appear sufficient to cover its projected expenditures and reserve requirements totaling $113.84 million. According to the Auditor’s calculation, WCCA’s FY 2009 estimated revenues and excess reserve are expected to exceed its projected expenditures and reserve requirements by $67.36 million. These factors taken as a whole constitute a reasonable basis for the Auditor’s sufficiency certification. Therefore, the Auditor hereby certifies that, as of the date of this certification, WCCA’s projected revenues and excess reserve should be sufficient to meet projected expenditures and reserve requirements for FY 2009.

Respectfully submitted,

[Signature]

Deborah K. Nichols
District of Columbia Auditor

Flow of Funds

The Amended Master Trust Agreement provides for Revenues deposited into the Revenue Account from the Lockbox Account to be transferred to other Funds and Accounts as set forth in the chart and described in the text below.

1. For reimbursement obligations and swap termination payments, if any.
2. Any excess may flow, at the direction of an Authorized Officer of WCCA, to the General Fund of the District at the end of a Fiscal Year only after debt service requirements are satisfied, reserves are filled to the maximum allowable levels, and WCCA has met its pay as you go capital spending needs.
