Questions and Answers

Question: Our team noticed that there was an inconsistency with the stated due date for responses and wanted to know if that could be clarified. Specifically, on the cover page it indicates that proposals are due 5 PM, August 24th but under Section I – Summary Information, the submission due date is listed as 5 PM on August 26th. Can you confirm that submission deadline is the 26th?

Answer: The submission deadline is August 26, 2020. We apologize for the confusion.
